Companion projects

Table of contents

List of Tables

Here is a list of projects and research initiatives covering similar topics. We endeavour to work with these teams over the duration of our project. We share them here as a resource for the community. If you wish to be added to the list, contact us at jamal.shahin@vub.be with a short description and link to your website. The team will then discuss how best to interact with your research initiative, and get back to you.

- ClaimSov (WZB, CNRS-CIS, UMontréal)
- PRIN Digital Sovereignty (Uni Salerno and Uni Padua)
